GOVT. KANNADA SCHOOL, ULSOOR
School bags and shoes were distributed to 220 school kids, sponsored by Modelytics India Pvt. Ltd. A dais and a Flag pole were constructed. We also undertook the work of re-pairing toilets and constructing a water tank to facilitate drinking water, a leap ahead in SAP. Weekend English classes are held for class 8th and computer classes are held for 6th and 8th classes. Nirmaan Specially thanks Modelytics India Pvt.Ltd for their valuable support and encouragement.

GOVERNMENT TELUGU SCHOOL, ULSOOR
A regular teacher has been appointed by Nirmaan to take computer classes for kids from class 5 to class 8. He teaches the basics of computers like creation of a notepad, MS Word, Power point etc. We have a lot of support from the teachers and children here. Principal and the staff are very cooperative and help volunteers in providing textbooks, advising them how to take up the classes and

evaluate students. Kids are very eager and enthusiastic to learn and are crazy about computers! We engage the kids for 4 hrs a week and teach subjects like basic mathematics, English grammar, moral science, creative thinking along with discipline, cleanliness and etiquette.

GOVT KANNADA SCHOOL, SHRIRAMNAGAR
To promote the creativity and to provide students a platform to articulate inner feelings about their "Dream school", Nirmaan volunteers conducted a drawing competition. Best 3 drawings out of 40 were selected based on their creativity, innovativeness and the prizes were distributed by the school headmistress. It turned out to be an amazing event with the involvement of enthusiastic students. The drawings really showcased their ideas of dream school and set a standard for us to create a platform to provide the school that they dreamt of. It really inspired and acted as a catalyst to our School Adoption program. Apart from this competition, school bags were distributed to 110 kids. The look of delight on each child's face while receiving the school bag was very heart-warming

CELEBRATING INDEPENDENCE

Freedom is not a Right but a feeling that emerges from the best things that happen in life. For Nirmaan, it was the independence day at its best. The tradition that Nirmaan established and followed over years - distributing flags during the flag hoisting ceremony- was carried out by volunteers in all the schools in its purview. The thiranga that every kid proudly adorned like a jewel, made us feel that the future is in the right hands. Apart from this, school bags were distributed to the students of Shriramnagar Kannada School which was sponsored by Modelytics Pvt. Ltd. All in all Nirmaan members celebrated the independence day amidst a thousand children with all the vigor and enthusiasm in different schools.
