July 2020
2020 has been a month wherein we dedicated our services to the community in myriad ways.

Our Well- thought and efficiently executed action plans led to successful implementation of relief work to fight against the global pandemic COVID-19 under OPERATION SAHAAYA 4.0.

We could extend our services to the underprivileged by ensuring food supplies to 500 people who were struggling to arrange meals due to the pandemic.

Another focus area was ‘Women Empowerment’, wherein we engaged women beneficiaries under the Skill Development & Entrepreneurship program in mask making under project SWAYAM SHAKTI. This helped them in earning a decent livelihood in the prevailing crisis situation.

‘Capacity Building’ session in the form of TOT program has been initiated to train Trainers at Vocational Training Centers for Women under the Skill Development and Entrepreneurship, wherein they are trained in Bag making. This would help them upgrading their Skill base. The trainers would train the project beneficiaries.

To ensure health and safety of the Frontline Workers and to contain the spread of Corona Virus, we distributed 43680 masks to the Frontline workers at Women Development and Child Welfare Department, Govt. of Telangana. 107 women beneficiaries were benefited through this activity as they could make decent earnings.

Ventilators were donated to Telangana Institute of Medical Sciences (TIMS), Govt. of Telangana, Hyderabad to ensure safety of a greater number of patients.

In collaboration with TSBIE (Telangana State Board of Intermediate Education), we also came up with ‘Online Volunteering’ opportunity for 5000 volunteers to conduct ‘Soft Skills & Communication Skills’ sessions for 1 lac Senior Intermediate students from 400 Govt. Junior Colleges across Telangana.
Empowering Women by providing them Economic Sustainability

‘Swayam Shakti’ is an initiative of Nirmaan to empower underprivileged women and serve the community by making high-quality, pure cotton and reusable masks available for their safety. The local weavers also benefit as the fabric is locally sourced.

The women beneficiaries engaged in mask-making are earning wages which is helping them earn decent livelihood.

The masks are available for sale at Nirmaan’s online platform, https://swasha.nirmaan.org/

For every 1000 masks, a woman and a local weaver can earn livelihood for 1 month.
